

Thiola® (tiopronin) – First-time generic

- On May 17, 2021, Teva launched an [AB-rated](#) generic version of Retrophin's [Thiola \(tiopronin\)](#) tablets.
- Thiola is approved in combination with high fluid intake, alkali, and diet modification, for the prevention of cystine stone formation in adults and pediatric patients 20 kg and greater with severe homozygous cystinuria, who are not responsive to these measures alone.
- Tiopronin is also available as a brand enteric coated delayed-release tablet ([Thiola EC®](#)) carrying the same indication as Thiola.
